Education

Arka Jain University

Btech in Computer Science

CGPA: 9.79

Aug 2021 – April 2025

Jamshedpur, Jharkhand

Experience/Internships

RegrowTech India Pvt Ltd | [CERTIFICATE](#)

May 2024 – June 2024

Software Developer Intern

Jamshedpur, Jharkhand

- Engineered a food website with login/signup functionality using React.js, optimizing UI/UX, page load time, and responsiveness by 30%, while reducing server load by 20% through database optimization.
- Implemented an authentication mechanism to secure data for 200+ users, focusing on robust data security.

Genrix Info Tech Pvt Ltd | [CERTIFICATE](#)

June 2023 – September 2023

Software Developer Intern

Jamshedpur, Jharkhand

- Designed and implemented fully functional Payroll and Exam Management Systems using .NET and SQL Server, enhancing data processing efficiency and user experiences.
- Constructed dynamic UI features and integrated seamless backend operations using Advanced C#, ensuring high performance and user satisfaction.
- Improved data handling and security for over 100 users, implementing advanced SQL techniques to reduce query response times by 40% and optimizing code with debugging and troubleshooting practices.

Projects

BlogSphere | MERN Stack Project | [GITHUB LINK](#)

- Built and deployed features for creating, reading, and managing posts, with real-time comment functionality and secure user account management using JWT-based tokenization.
- Ensured cross-device compatibility using Material-UI, achieving a 99% responsiveness score, and built and tested APIs for validating user inputs and managing CRUD operations, reducing latency by 30%.
- Delivered a scalable and interactive platform with a seamless user experience, real-time interactivity, and secure content management, catering to the diverse needs of users.

Foodie | MERN Stack Project | [GITHUB LINK](#)

- Integrated JWT-based authentication to ensure secure user login and registration, enhancing user data protection and system integrity.
- Designed and built a fully functional order checkout system, enabling users to seamlessly add, view, and complete orders, leading to a 100% operational workflow.
- Created a My Orders section, allowing users to track and manage their order history efficiently, reducing order management errors by 90%.
- Integrated a dynamic search feature, enabling users to locate products by name or category quickly, improving product discoverability by 95%.

Achievements

- Solved **300+ Data Structures and Algorithmic** problems on coding platforms such as LeetCode and GFG.
- Secured **Rank 6632 in LeetCode** Weekly Contest 429.
- Secured **Rank 1524 in GFG** Weekly Contest 175, 30 points greater than average in 30K+ participants.
- 1528** Contest Rating in GFG and secured **3 stars** in GFG.
- 1466** Contest Rating in Leetcode.
- Secured **18 badges in CodeStudio**, acquired Master Badge, Specialist Badge, and Achiever Badge in different DSA topics.

Technical Skills

Languages and Databases: Python, Java, C, C++, JavaScript, SQL, NoSQL, C#, Node js, Express js, Mongo DB, React Js

Visualization Tools: VS Code, Microsoft Visual Studio, MongoDB Campus, SQL Server, Postman

Other Skills: Web Development, Winform Developer, Graphic Designer, Single Page Application.
